The new Thermo Scientific ECAT® Lightning Test System – because failure is not an option.

With its fully-automated test operations, the Thermo Scientific ECAT Lightning Test System (LTS) yields reliable, repeatable and accurate test results to RTCA DO 160E/F Section 22, Boeing, Airbus, EUROCAE, and more.

Building on the legacy of proven ECAT field-upgradable modular technology, it features fast test setup, intuitive programming, built-in voltage and current monitoring, and front panel and remote computer control. We also offer on-site calibration and field service worldwide.
